Not Applicable

(Former Name or Former Address, if Changed Since Last Report)

Check the appropriate box below if the Form 8-K filing is intended to simultaneously satisfy the filing obligation of the registrant under any of the following provisions (see General Instruction A.2. below):

- Written communications pursuant to Rule 425 under the Securities Act (17 CFR 230.425)
- Soliciting material pursuant to Rule 14a-12 under the Exchange Act (17 CFR 240.14a-12)
- Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))
- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Securities registered pursuant to Section 12(b) of the Act:

| Title of each class | Trading Symbol | Name of each exchange on which registered |
|--------------------------------|----------------|---|
| Common Stock, \$0.50 Par Value | PRG | New York Stock Exchange |

Indicate by check mark whether the registrant is an emerging growth company as defined in Rule 405 of the Securities Act of 1933 (§230.405 of this chapter) or Rule 12b-2 of the Securities Exchange Act of 1934 (§240.12b-2 of this chapter).

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

ITEM 7.01. REGULATION FD DISCLOSURE

On March 10, 2026, PROG Holdings, Inc. (the "Company") issued a press release updating the Company's outlook for fiscal year 2026 in advance of Investor Day, which is being held today, March 10, 2026, beginning at 8:30 a.m. Eastern Time. A copy of the press release is attached hereto as Exhibit 99.1 and incorporated herein by reference.

In addition, the Company is furnishing an investor presentation that will be used in conjunction with Investor Day, a copy of which is attached hereto as Exhibit 99.2 and incorporated herein by reference.

A live webcast of Investor Day will be available at investor.progholdings.com, and an archived replay will be available on the Company's website following the conclusion of the event.

The information contained in this Item 7.01, as well as Exhibits 99.1 and 99.2 referenced herein, shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such filing.

PROG Holdings Updates 2026 Outlook Ahead of Investor Day

SALT LAKE CITY, March 10, 2026 – PROG Holdings, Inc. (NYSE:PRG), the fintech holding company for Progressive Leasing, Four Technologies, MoneyApp, and Purchasing Power, today announced it is updating its full year 2026 outlook, specifically for its Purchasing Power business, ahead of its Investor Day in New York City on March 10, 2026.

In connection with the Company's acquisition of Purchasing Power in January 2026, the Company will be applying revenue recognition standard ASC 606, which the Company believes will primarily result in changes to revenue reported for Purchasing Power's Travel and Service product categories. Specifically, Travel and Service revenue will be reported net of certain direct costs, resulting in a reduction in total Purchasing Power revenue of approximately \$70 million at both the high-end and low-end of the ranges the Company provided in its 2026 guidance on February 18, 2026. This result, along with other less significant adjustments that are required in connection with the Company's application of ASC 606, are not expected to have a material impact on Purchasing Power's gross margin, earnings before taxes or adjusted EBITDA. Similarly, the Company continues to expect Purchasing Power's 2026 revenue to grow at a low double-digit rate. The Company's financial expectations for 2026 otherwise remain unchanged from the guidance it provided on February 18, 2026.

The Company's assumptions underlying its outlook also remain unchanged from those disclosed in its February 18, 2026 guidance, including no material changes in the Company's current decisioning posture. Further, it assumes the continuation of a difficult operating environment with soft demand for consumer durable goods, and does not assume a material economic slowdown resulting from, among other things, current Iran-related hostilities.

| (In thousands) | Revised 2026 Outlook | | Previous 2026 Outlook | |
|---|----------------------|--------------|-----------------------|--------------|
| | Low | High | Low | High |
| PROG Holdings - Total Revenues from Continuing Operations | \$ 2,950,000 | \$ 3,070,000 | \$ 3,020,000 | \$ 3,140,000 |
| Purchasing Power - Total Revenues | 610,000 | 660,000 | 680,000 | 730,000 |

For interested parties unable to attend the Company's Investor Day in person, a live webcast, along with accompanying supporting materials, will be available at investor.progholdings.com and an archived replay will be available on the Company's website following the conclusion of the event.

About PROG Holdings, Inc.

PROG Holdings, Inc. (NYSE:PRG) is a fintech holding company headquartered in Salt Lake City, UT, that provides transparent and competitive payment options and inclusive consumer financial products. The Company owns Progressive Leasing, a leading provider of e-commerce, app-based, and in-store point-of-sale lease-to-own solutions, Four Technologies, provider of Buy Now, Pay Later payment options through its platform Four, MoneyApp, a cost-effective short-term cash advance solution and Purchasing Power, a leading employee purchase program for consumer products and services using payroll deduction. More information on PROG Holdings' companies can be found at <https://www.progholdings.com>.

Forward Looking Statements

Statements in this news release regarding PROG Holdings, Inc. that are not historical facts are "forward-looking statements" that involve risks and uncertainties which could cause actual results to differ materially from those contained in the forward-looking statements. Such forward-looking statements generally can be identified by the use of forward-looking terminology, such as "outlook", "will", "believes", "guidance" and "expected" and similar forward-looking terminology. These risks and uncertainties include, among others, the risks and uncertainties discussed under "Risk Factors" in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2025, filed with the SEC on February 18, 2026. Statements in this press release that are "forward-looking" include, without limitation, statements regarding the Company's and Purchasing Power's updated full year 2026 outlook, the application of revenue recognition standard ASC 606, the Company's belief that the impact of such application will primarily relate to Purchasing Power's Travel and Service product categories, and the Company's expectation that other adjustments required in connection with the application of ASC 606 will not have a material impact on Purchasing Power's other financial results. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this press release. Except as required by law, the Company undertakes no obligation to update these forward-looking statements to reflect subsequent events or circumstances after the date of this press release.

March 10 | New York City

PROG
Holdings, Inc.

Welcome and Opening Remarks

John A. Baugh, CFA
VP, Investor Relations

Forward Looking Statements

Statements in this presentation regarding PROG Holdings, Inc.'s (the "Company") businesses, operations and performance that are not historical facts are "forward-looking statements" that involve risks and uncertainties which could cause actual results to differ materially from those contained in the forward-looking statements. Such forward-looking statements generally can be identified by the use of forward-looking terminology, such as "expect", "outlook", "targets" and similar forward-looking terminology. These risks and uncertainties include those discussed under "Risk Factors" in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2025, filed with the SEC on February 18, 2026.

Statements in this presentation that are forward-looking include statements about: (i) the Company's ability to grow profitably and create long-term value for its shareholders; (ii) the benefits the Company expects from its acquisition of Purchasing Power and from its Four and MoneyApp businesses; (iii) the future performance of Progressive Leasing, including with respect to its direct-to-consumer and other GMV growth initiatives and the health of its lease portfolio; (iv) the advancement of the Company's technology initiatives and the benefits expected from them; (v) the Company's 2026 outlook; and (vi) the Company's three-year performance targets. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this presentation. Except as required by law, the Company undertakes no obligation to update these forward-looking statements to reflect subsequent events or circumstances after the date of this presentation.

Our Transformation Journey

Where We Have Been

- Successfully spun-out Aaron's in 2020
- Navigating dynamic market conditions and GMV pressure (macro / consumer headwinds)
- Strengthening and evolving the decisioning model
- Investing in new technologies to futureproof the organization
- Expanding the ecosystem of products offered

Where We Are Going

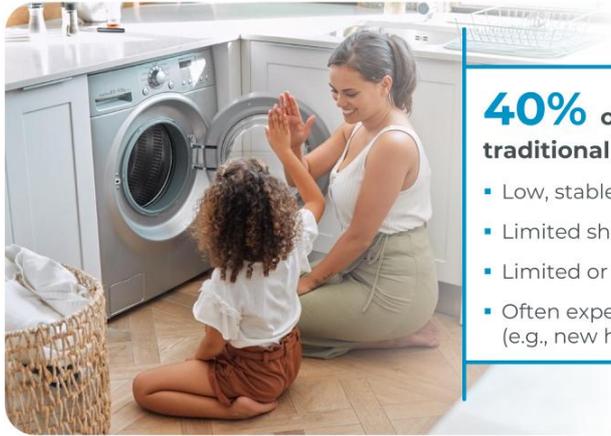

- **Building a unified financial ecosystem** using cross-product data, decisioning, and customer insight
- **Scaling ecosystem** for a single consumer to engage with us across multiple products and life moments
- **Unlocking cross-product growth** through harmonized decisioning, driving higher customer lifetime value
- **Expanding omni-channel distribution** through national and regional retailers, employers, and growing DTC channel
- **Scaling AI-enabled operating model** that embeds more intelligence into the customer journey and improves customer lifetime value

Positioned for the Next Era of Growth and Profitability

Clear Profitable Growth Strategy for Value Creation

Anchored in Our Commitment to Serving the Underserved

40% of U.S. population does not have access to traditional financial services

- Low, stable incomes
- Limited short-term savings / lack of emergency spending funds
- Limited or challenged credit history
- Often experiencing life-stage-driven purchasing needs (e.g., new home, growing family, etc.)

Addressing Consumer Needs through an Inclusive Financial Ecosystem

| Typical Funding Amount | ~\$1,100 | ~\$150 | ~\$110 | ~\$750 |
| Consumer Uses of Funding | Large ticket LTO leases from PROG retail partners and affiliates | Smaller ticket purchases from hundreds of retailers | Cash advance for anything | Medium to large purchases |
| Value Relative to Alternatives | No credit history required, fast access to higher-ticket items, predictable payments, early purchase options, access to leading national retailers | No credit bureau pull, zero-interest installments, usable at hundreds of online retailers, lower-cost / lower-risk option vs. revolving credit | Significantly lower cost than bank overdraft fees, no credit bureau pull, instant access, transparent / no-tipping pricing | No credit check, access to broad selection of name-brand products and services, transparent pricing, low total cost of ownership |

Creating a Unified Leader in Flexible, Inclusive Financial Solutions

Building an Inclusive Financial Ecosystem

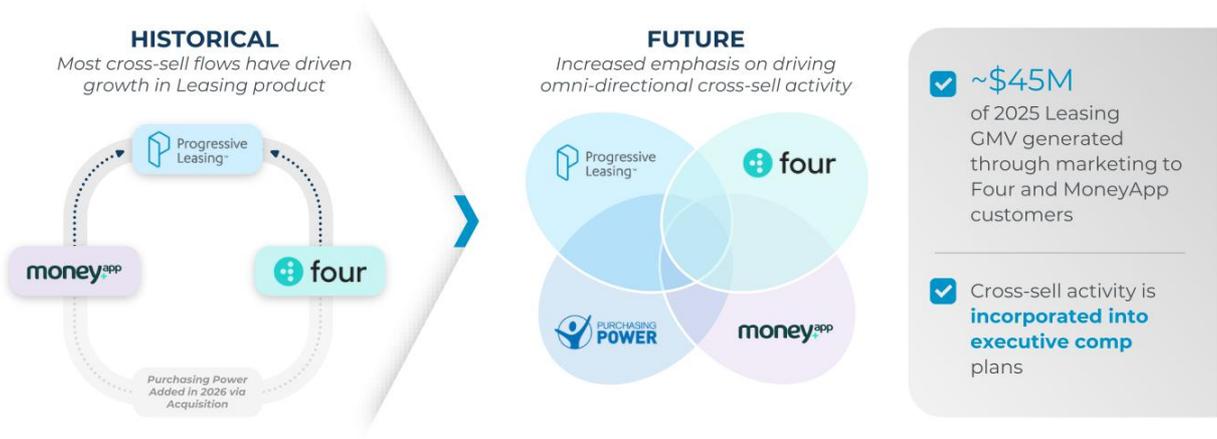

BENEFITS TO PROG

- ✓ Lower customer acquisition costs
- ✓ Better consumer level data for decisioning and risk management
- ✓ Improved personalized, cross-marketing capabilities
- ✓ Stronger ability to attract enterprise retail partners, employers, and affiliate networks

Creating a Unified Leader in Flexible, Inclusive Financial Solutions

Evolving from a Leasing-centric Platform to a Multi-product Ecosystem

Building a Broader Ecosystem to Drive Diversified Growth

Accelerating Our Approach with the Acquisition of Purchasing Power

Purchase Price: \$420M

2026 Adj. EBITDA¹: \$50M – 60M

Double-digit % EPS Accretion²

Closed: January 2, 2026

A leading voluntary employee benefit program provider allowing employees to purchase brand-name products and services through either automatic payroll deductions or allotments

Strategic Rationale

- Expands PROG's ecosystem with a scalable payroll-deduction platform
- Unlocks a new, complementary consumer channel

Brings Access to

7M+

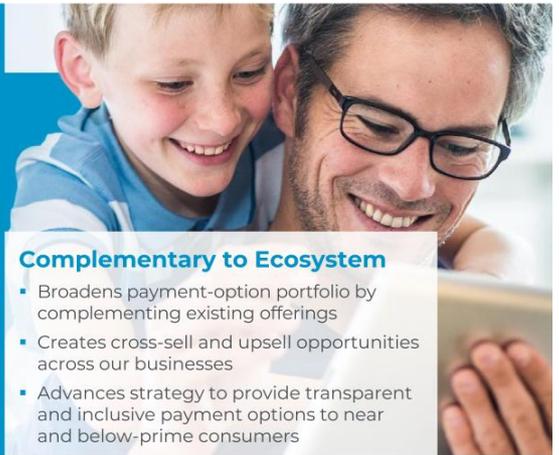

Eligible Employees Nationwide

360+

Established Employer Clients

25+

Industries Served

Complementary to Ecosystem

- Broadens payment-option portfolio by complementing existing offerings
- Creates cross-sell and upsell opportunities across our businesses
- Advances strategy to provide transparent and inclusive payment options to near and below-prime consumers

Well Positioned to Address Accelerating Customer Trends

Inclusive, Alternative Payment Options for the Underserved¹

100M+ Americans are credit underserved
 Inflation and higher prices pushing nonprime consumers toward alternative payment solutions

BNPL and Short-term Credit as Everyday Budgeting Tools²

~6% of U.S. e-commerce financed through BNPL
 BNPL increasingly used for groceries and daily purchases

Explosive Growth in Cash Advance Products³

Tens of billions in earned wage and cash advances issued annually
 Strong worker demand and growing interest in products with greater transparency for consumers

Shift to Alternative Data, Embedded, Mobile-first Credit⁴

Greater acceptance of consumer-permissioned and alternative data in decisioning
 Consumers increasingly expect seamless, in-journey solutions across channels

Uniquely Positioned with Financial Ecosystem Powered by Shared Data, Unified Decisioning, and Embedded Distribution

Capitalizing on Our Sustainable Competitive Advantages

Unified, proprietary data engine
powering decisioning, personalization, and risk accuracy

Multi-channel distribution of products across retail partners, employers, and DTC

Personalized, data-driven marketing driving higher conversion and repeat usage

Award-winning customer care that builds trust and retention

Regulatory and compliance excellence trusted by leading national retailers and employers

Exclusive long-term partnerships that are integrated with Leasing and Purchasing Power platforms

Strategically Investing in Growth and Innovation

The infographic features four white rounded rectangular boxes arranged horizontally against a blue background with a blurred image of a person's face and some digital data points. Each box has a small icon in its top right corner: a group of three people for 'People', a circular arrow for 'Process', a lightbulb for 'Product', and a server rack for 'Technology'.

| 1999 Platform Launched | ~\$1.8B 2025 GMV | \$265.3M 2025 Adj. EBITDA | 11.4% 2025 Adj. EBITDA Margin |

MAJOR RETAILER PARTNERS

2025 Revenues Attributed to Categories of Merchandise

Leading In-store, App-based, and E-commerce POS LTO Solutions Provider

Our Value Proposition Serving a Two-sided Marketplace

Value for RETAILERS

- Expand total sales value through incremental full margin sales
- Provide access to below-prime customers
- Integrate directly with retailer marketing systems / campaigns
- 100% of retail price paid to retail partner upfront (no merchant discount rate)

Value for CONSUMERS

- Enable access to leading national retailers to shop where prime customers shop
- Provide flexible payment options for underserved consumers
- Allow for timely purchases to meet essential consumer needs
- Provide seamless, mobile-first capabilities

Meeting an Essential Need for Consumers and Retailers

Product Overview: Mechanics of PROG Leasing

How It Works

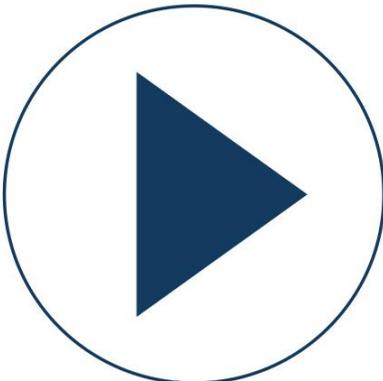

- 1 Apply:** Available online, through Progressive's mobile app, and in-store with select leading retailers
- 2 Instant Decision:** Decisions are issued within seconds of application submission
- 3 Approved:** Customers shop for leasable items of their choice – approvals good for up to 90 days
- 4 Initial Payment:** An initial payment will be collected when the customer signs the lease
- 5 Take Items Home:** Customers take items home same day or arrange for delivery
- 6 Simple Payments:** Optional auto payments managed by the customer via phone, online, or mobile app

“Simple and fast, it literally took less than 5 minutes for the whole process.”

**PROG Leasing
Customer Testimonial**

PROG Leasing Demo Video

Progressive Leasing's Role in PROC's Inclusive Financial Ecosystem

SPOTLIGHT

Consumer Value Proposition

- **Simple, easy-to-use lease-to-own** solution to acquire essential merchandise without traditional credit
- **Streamlined decisioning** requiring only a bank account
- **Payment flexibility** through manageable lease terms with clear, transparent cost structures and ownership options

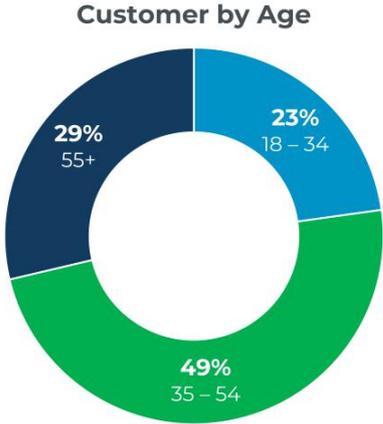

Illustrative Persona

Maria, a 40-year-old single mother, **shared a room and bed with her teenage daughter** for several years given financial constraints, despite a steady income

While at **Mattress Firm**, she learned about a **flexible payment option through Progressive Leasing** and was **approved for a new mattress**, giving both her and her daughter the independence they both deserve

| Renters | ~60% |

Serving the Needs of an Underserved Population with a Valuable, Flexible Payment Solution

Well Positioned to Capitalize on Industry Growth Drivers

Over 100M Americans are credit underserved with a growing interest from younger, unbanked customers

Increasing interest from national retailers

Pent-up demand tied to replacement cycle of old products

Expanding utilization within emerging verticals

Clear Strategic Priorities to Drive Long-term, Profitable Growth

-  Drive Existing Retail Partner Adoption and Win New Pipeline
-  Elevate Consumer and Retailer Experiences
-  Expand the DTC Model (PROG Marketplace)
-  Execute Technology Roadmap

Solidifying Our Leadership Position with Leading National Retailers

Solid Foundation of Secure, Long-term Contracts

Only lease-to-own company with an extensive portfolio of large national retailers

~70% of GMV now exclusively contracted into the 2030s

OUR VALUE PROPOSITION

- Unmatched compliance excellence and focus
- Full-stack payment option capabilities that expand approval opportunities
- Deep retail partner understanding through dedicated account teams and end-to-end operational integration
- Consistent, consumer-friendly pricing without add-on fees
- Fast, efficient tech stack integration with continuous enhancement delivery

“Not just the best partner in financial services, but the best partner, period.”

PROG Leasing Retail Partner Testimonial

Proven Ability to Drive Retailer Sales and Elevate Brand Perception

Driving Increased Momentum in Retail Partner Adoption

EXPAND RELATIONSHIPS WITH EXISTING PARTNERS

- Early traction on ecosystem cross-sell and collaboration opportunities
- Growth enabled by tech and efficiency advancements

ADD NEW LARGE, REGIONAL AND NATIONAL RETAILERS

- Three recent wins demonstrating PROG's differentiated value proposition
- ~75% of applicants from these new partners are net-new to PROG

EXPAND REACH WITHIN SMB SPACE

- Targeting organic growth as SMB retailers increasingly seek out PROG solutions
- Adding greater business development "firepower" behind SMB expansion

Strengthening Our Position as the Payment Solutions Partner of Choice for Retailers

5 – 7 Year Contracts Enable Investments in Long-term Capabilities

Key Priorities

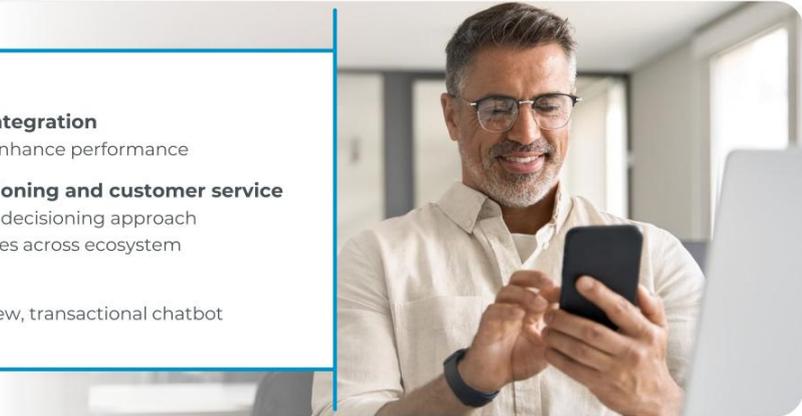

- Enable **direct engagement to select retailers** through PROG app or website
 - Major retailers available (e.g., Amazon, Walmart, Target)
 - Shop anywhere, any time
- Leverage **personalization** to expand **consumer engagement**
- Increase **awareness of leasing as a payment option** and **PROG's value proposition**, especially among Gen Z

Allowing Customers to View Progressive Leasing as an Extension of Their Existing Wallet

Key Priorities

- Increase speed of retail partner integration**
 - Leverage new leasing platform to enhance performance
- Drive increased AI usage in decisioning and customer service**
 - Integrate products through unified decisioning approach
 - Focus on cross-product opportunities across ecosystem
- Enhance internal productivity**
 - Shift high-volume interactions to new, transactional chatbot
 - Expand API capabilities

Driving Faster, More Intelligent, and Tailored Outcomes for Consumers and Retailers

Key Takeaways

1

Capitalizing on growing consumer need for lease-to-own flexible payment solutions

2

Building on our leadership position as the leasing partner of choice for large, national retailers

3

Expanding the availability and accessibility of lease-to-own solutions through a growing direct-to-consumer platform

4

Investing in advanced technology capabilities to deliver a modernized, frictionless customer experience and a future-ready business

Retention¹

PRODUCT DESCRIPTION

- **E-commerce retail purchasing platform** allowing employees to purchase products and services and pay in installments through **payroll deduction / allotment**
- **Moated B2B2C model** offered as a voluntary benefit to employees (customers) of the employer (client), powered by **strong network of nationwide benefit brokers and partners**
- **Revenue and risk diversifier** driven by sticky client relationships, repeat buyer behavior, and strong predictability and visibility

Product Overview: Mechanics of Purchasing Power

How It Works

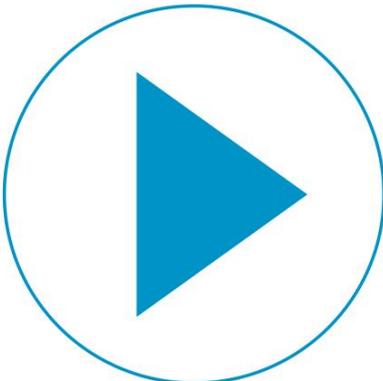

- 1 Client (employer) offers Purchasing Power's program to its employees as a **voluntary benefit**
- 2 Employee **registers with Purchasing Power** and **browses its site or mobile app** with 100K+ unique SKUs
- 3 Employee / customer **makes a purchase** from online catalog, then Purchasing Power **purchases that product or service** from its vendor
- 4 On behalf of Purchasing Power, vendor **ships product directly** to employee
- 5 Payments are **deducted from the employee's paycheck** in installments
- 6 Employer (or TPA¹) sends **payroll deduction**² amounts to Purchasing Power

"I absolutely love Purchasing Power because I can shop from home, it's convenient, and they take payments directly from my paycheck, so I don't have to worry about making a payment. I've never had a problem with any purchases."

Donza – Purchasing Power Customer

Purchasing Power Demo Video

Purchasing Power's Role in PROG's Inclusive Financial Ecosystem

SPOTLIGHT

Consumer Value Proposition

- Upfront spending power provided to consumer with transparent, fixed payments on a wide selection of brand-name products and services
- Convenient payroll-deducted installments that reduce financial stress and simplify purchasing

Illustrative Persona

Jason, a 45-year-old employee at a large city fire department, **enrolls in Purchasing Power** through his union's voluntary benefits program

He has good job stability and appreciates the **access and convenience of the Purchasing Power services** offered by his union, which allow him to pay for products and services over an extended period

A Unique B2B Channel to Drive Increased Consumer Access

Value for Employer...

- ✓ Voluntary employee benefit at no cost to employer
- ✓ Improves employee loyalty
- ✓ Reduces financial stress by providing accessible and convenient services

...Enhanced by Distribution Partner Alignment

- ✓ Significant, untapped market with benefit brokers not currently offering payment solutions
- ✓ Differentiates benefit brokers amongst employers
- ✓ Increases compensation for benefit brokers

Significant Growth Potential in Untapped Employee Benefits Market

Near-term Industry Drivers – Growing Consumer Desire to Utilize Flexible Payment Solutions for Products and Services

Heightened economic pressure on employees increasing demand for programs that reduce financial strain and support essential purchases

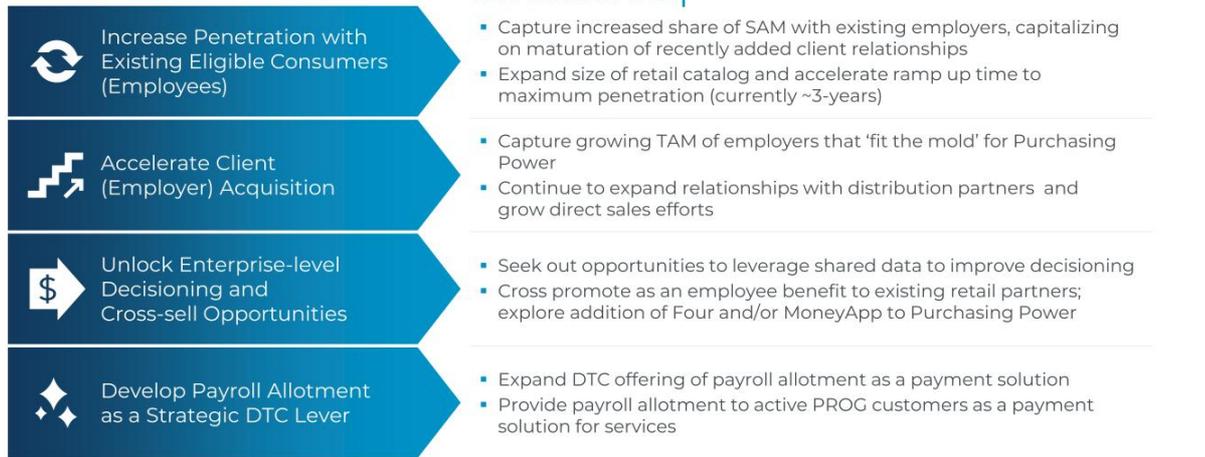

Growing consumer demand for predictable, low-friction payment methods

Expansion of voluntary-benefit marketplaces, making it easier for employers to adopt new programs

Increasing interest from brokers in selling voluntary benefits

Purchasing Power's Levers to Advance PROG's Growth Strategy

Key Takeaways

1

Expanding into a large employee market through an **employer-based network** providing underserved customers with options to purchase products and services

2

Delivering a differentiated payment solution of payroll deduction / allotment that improves repayment outcomes and **strengthens risk profile** of broader PROG portfolio

3

Capitalizing on integrated data and access framework to deliver organic growth while serving as a **cross-product engine to PROG's B2B and B2C channels**

PRODUCT DESCRIPTION

- **Direct-to-consumer BNPL payment platform** connecting seamlessly with almost any retailer
- **Consumer engagement platform** that uses intelligent analytics, personalized marketing, and generative AI to drive retailer brand visibility
- **Diversified, high-margin revenue model** comprised of Four+ subscriptions, late fees, affiliate fees, platform fees, and interchange fees at ~10% take rate

¹ As of December 2025. ² As of March 1, 2026. ³ The share of total GMV generated from transactions placed by users with an active Four+ subscription at the time of purchase. ⁴ Revenue generated as a percentage of GMV over the trailing twelve-month period.

How Consumers Find Four

- **Organic search** for alternative ways to manage spending
- **Diversified paid marketing campaigns** on social media platforms with low cost per install
- **Positive viral social media posts** educating potential consumers on app benefits

#4 App on Apple's App Store Top Charts, Shopping Category¹

Complementing Organic Strength with Paid Digital Marketing and Retailer Partnerships

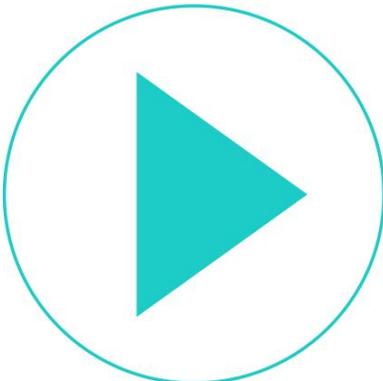

Product Overview: Mechanics of Four

How It Works

- 1 Download Four app, connect your bank account, and receive spending limit
- 2 Shop for merchandise by engaging with retailer e-Commerce platforms and apps
- 3 Choose payment method of choice (e.g., bank-issued debit or credit card)
- 4 Split purchase into 4 equal payments, which can be automatically scheduled; first payment takes place immediately
- 5 Use the Four app to manage orders / payments and discover new retailers
- + Add on Four+ subscription at any point, which unlocks access to premium merchants and premium support

Four Demo Video

Four's Role in PROG's Inclusive Financial Ecosystem

SPOTLIGHT

Consumer Value Proposition

- **Low-friction entry point** – non-FICO underwriting; simply connect bank account and approved within seconds
- **Direct customer relationship** – customers start in app, build loyalty with app, and grow with Four over time

Illustrative Persona

Nicole, a 23-year-old working two restaurant jobs that **needs a short-term financing option** to help cover **purchases**

She has a **limited credit history** and **prefers to avoid high-interest credit cards**, but can manage a flexible installment payment plan

Well Positioned to Capitalize on Industry Growth Drivers through Lean, AI-native Team and Platform

Embedding of BNPL across new platforms and experiences

Expansion of AI commerce – AI assistants that shop, compare, and purchase on behalf of consumers

AI-powered personalization and expanding monetization – curating recommendations, affiliate marketing, outbound campaigns, and personalized offers

Four's Strategic Priorities to Drive Long-term, Profitable Growth

 Increase Repeat Usage to Drive Customer Lifetime Value

- PROOF POINTS OF SUCCESS**
- Identified what creates strong customer lifetime value
 - Using targeted marketing to increase repeat purchase frequency while applying responsible underwriting to every transaction

 Innovate New Product and Subscription Features

- Launched travel support in partnership with Expedia and Travelocity
- Planning to introduce Four Card with tap-to-pay in 2026
- Expecting to release new Four+ features throughout 2026: loyalty programs, order tracking, and opt-in credit reporting

 Develop Scalable Marketing Capabilities to Stimulate Customer Acquisition

- Focusing on lowest-risk consumers to drive more stable GMV growth and predictable loss rates
- Driving greater cross-marketing capabilities with PROG Holdings

 Enhance Customer Support and Communications

- Leveraging generative AI tools to better solve customer needs efficiently and effectively
- Disciplined, highly effective support operations

Key Takeaways

1

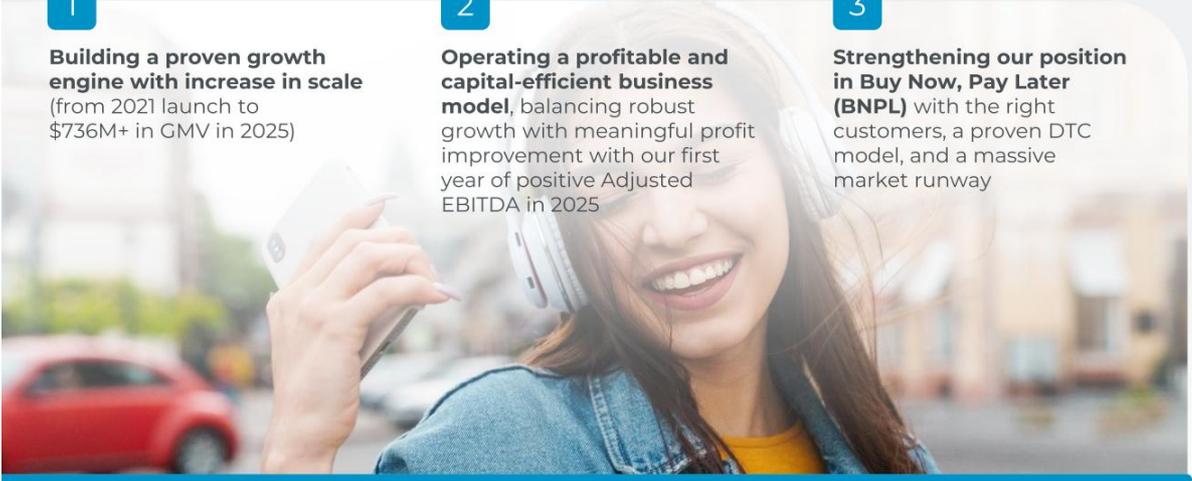

Building a proven growth engine with increase in scale
(from 2021 launch to \$736M+ in GMV in 2025)

2

Operating a profitable and capital-efficient business model, balancing robust growth with meaningful profit improvement with our first year of positive Adjusted EBITDA in 2025

3

Strengthening our position in Buy Now, Pay Later (BNPL) with the right customers, a proven DTC model, and a massive market runway

MoneyApp: Providing a Dynamic Liquidity Solution with a Frictionless Consumer Experience

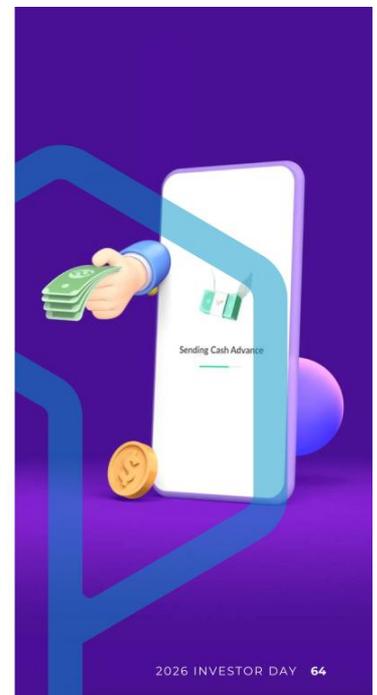

Lee Wright
President, Purchasing Power

Key Messages

- 1 **Scaling a dynamic solution to provide short-term liquidity** for budget-constrained consumers
- 2 **Delivering one of the fastest, most frictionless consumer experiences** for accessing a cash advance
- 3 **Offering an economically competitive solution** with transparent and “no-tipping” pricing

PRODUCT DESCRIPTION

- **Short-term liquidity solution** for consumers with steady incomes and bank accounts
- **Cost-effective alternative** to bank overdraft products
- **Simple app- and web-based** user interface and fast onboarding process

Product Overview: Mechanics of MoneyApp

Illustrative Cash Advance Transaction

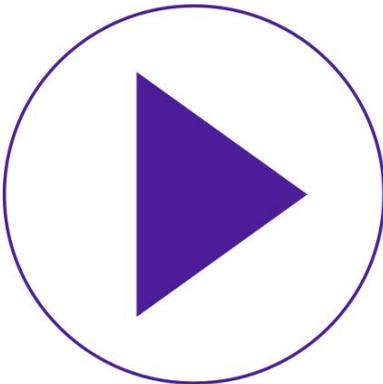

Advance Amount

- New users qualify for up to \$100 on their first advance
- Returning users may receive up to \$250, depending on history
- Amounts are determined using AI-powered cash flow underwriting models

Repayment Period

- ~9 days on average with a maximum ~1 month
- Aiming to align repayment date with paycheck

MoneyApp Demo Video

MoneyApp's Role in PROG's Inclusive Financial Ecosystem

SPOTLIGHT

Consumer Value Proposition

- Offers **flexible cash solutions to cover essential expenses** (e.g., rent or medical bills) for credit-challenged consumers
- **No interest, sign-up fees, credit check, late fees, or tipping allowed**
- **Attractive alternative to overdrafts** given MoneyApp's average fee of ~\$13 per advance vs. ~\$35 per bank overdraft fee

Illustrative Persona

Joan, a 28-year-old personal assistant **needs cash** to cover an **unexpected trip to dentist**

She **does not have sufficient short-term savings** but can **repay the advance at next payroll cycle**

Significant Opportunity to Capture Greater Share in a Highly Fragmented Market

Enabling Next Era of Growth with Our Digital and Data Capabilities

Sridhar Nallani
Chief Technology Officer

Key Messages

- 1 Building a digital and data ecosystem** with the scale and stability to be the leading fintech platform for the underserved
- 2 Delivering best-in-class consumer and partner experiences** by connecting products through shared data and capabilities
- 3 Sharing customer insights and learnings across products** to improve access, personalization, and cross-product growth
- 4 Capitalizing on modernized technology stack** to increase speed to market, flexibility, and innovation

Building on a Track Record of Digital Investments

Where We Were →

- Large number of custom-built apps (“band-aids”)
- 17 different tech stacks leading to difficult scaling and long deliver times
- Focus on modernizing the foundation while keeping the lights on

Where We Are →

- One unified Leasing tech stack
- New core leasing system being implemented
- All critical applications hosted in the cloud
- Shifting from foundational modernization to automation and AI

Where We Are Going

- Investing in AI enablement and agentic automation
- Accelerating time to market through more strategic investments
- Creating compelling customer experiences through a unified view of customer
- Improving stability, speed, and flexibility to drive innovation

Moving from Fragmented Systems to a Unified, Cloud-based Platform

Creating a Digitally-enabled, Future-ready Organization through a Clear Digital Strategy

Building the Digital Core of the PROG Ecosystem

Extending Our Digital and Data Capabilities

One Platform, Four Products

Unified Data, Decisioning, Personalization, and Delivery

Extending Core Leasing Capabilities to Accelerate Speed and Quality

- Capitalizing on core capabilities developed in our Leasing business
- Extending and scaling core Leasing capabilities to optimize business functions
 - Front-office capabilities: commerce tools, content management, decisioning, and AI
 - Enterprise platforms: human capital management, ERP, contact center, and data
- Leveraging modernized tech stack to enable speed, precision, and scale

Delivering Capabilities Faster and Helping Customers See Improvements Sooner

Removing Friction to Deliver Exceptional Consumer Shopping Experiences

Extending Our Digital and Data Capabilities

OPPORTUNITY

Seamlessly provide a full suite of products to consumers when and where they need them.

KEY PRIORITIES

- 1 Personalized Cart Nurturing**
Creating a retail experience that is seamless and personalized for consumers
- 2 Streamlined and Universal Decisioning**
Driving customer approvals based on a holistic view of their needs across products
- 3 AI-based Affiliate Checkout Assistant**
Making it easier for consumers to purchase products through affiliate partners
- 4 Self-service Expansion**
Expanding AI chatbots and transactional chat, while exploring agentic commerce

Creating Experiences that Open the Doors to Growth and Scale

Risk and Decisioning Capabilities: Unified, Data-driven Approach to Improve Customer Conversion

FUTURE STATE

- ✓ **Single eligibility framework** supporting Leasing, Four, MoneyApp, and Purchasing Power¹; customers assessed once, matched to right solution
- ✓ Dynamic, real-time **adaptive application experiences**
- ✓ Integrated consumer and performance insights used across products to enable **cross-product activation and improved lifetime value**
- ✓ Reduce time to deploy improvements to UX and access logic across enterprise; **quicker iteration > faster conversion**

Leveraging Shared Data to Drive Higher Customer Lifetime Value without Increasing Risk

¹ Decisioning for Purchasing Power would come into play for customers who would use payroll allotment.

Enhancing PROG Marketplace Experience to Drive Direct-to-Consumer Growth

Enhancing Customer Conversion

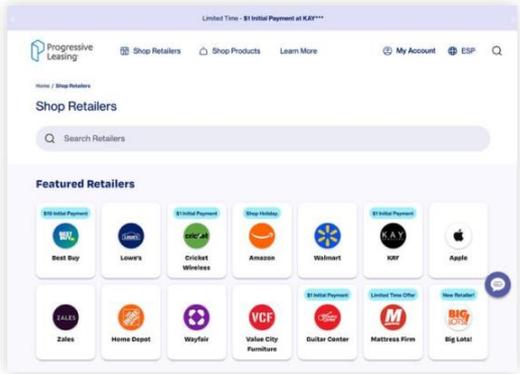

FROM
PROGLEASING.COM

Monolithic and custom leasing flow that resulted in subpar customer conversion rates

TO
PROG MARKETPLACE

- A digital front door connecting customers to retailers and payment solutions
- Powerful foundation to drive personalized offers and higher customer conversion
- Flexible, proven platform that can easily scale to support multiple ecosystem products

Modernizing PROG Marketplace as a Scalable Growth Engine

Modernizing Our Operations: Implementing Lease Modernization

WHAT WE'VE DONE

- **API-first approach**, built on “headless” architecture
- **Implemented Retail self-service tools and API-driven retailer enablement** for faster onboarding and integration

WHAT WE ARE DOING

- **Implementing externally developed platform** with industry-standard capabilities

Enhancing Leasing Process to Remove Friction and Optimize the Customer Experience

Empowering Innovation through AI-first Architecture: Recent Implementations of AI

| CUSTOMER EXPERIENCE | MARKETING | OPERATIONS | HUMAN RESOURCES |

| <ul style="list-style-type: none">75% faster decisions20% more accurate+23% marketplace conversions | <ul style="list-style-type: none">30% higher returns and reduced lead costs by 25% through recent Back-to-School campaign | <ul style="list-style-type: none">75K+ transactional chat sessions per month<9% transfer to live agent | <ul style="list-style-type: none">18K+ questions resolved to date with 58% resolved on first attempt24/7 availability |

Delivering Real AI-driven Value Today, While Positioning for a More AI-centric Tomorrow

KEY PRIORITIES

Advancing AI maturity by moving from **experimentation to integration**

Providing **access to secure, scalable AI tools** (e.g., Copilot and ChatGPT) to 600+ knowledge workers **tailored to each business function**

Empowering all employees with **no-code tools and hands-on support**

Investing in training (e.g., workshops, AI Center of Excellence) to ensure teams have skills and resources readily available

Continue **partnering with industry leaders** to drive ongoing innovation

GOAL
Enhance Productivity and Accelerate Growth

Empowering Our People to Become 'Super Employees' through AI

Key Takeaways

1

Building a digital and data ecosystem with the scale and stability to be the leading fintech platform for the underserved

2

Delivering best-in-class consumer and partner experiences by connecting products through shared data and capabilities

3

Sharing customer insights and learnings across products to improve access, personalization, and cross-product growth

4

Capitalizing on modernized technology stack to increase speed to market, flexibility, and innovation

Charting a Clear Path Toward Profitable Growth and Long-term Shareholder Value Creation

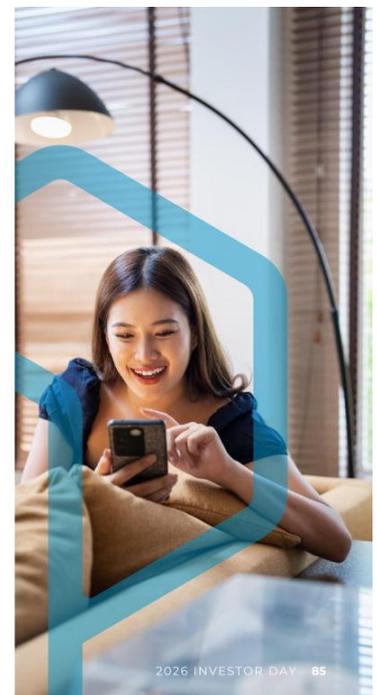

Brian Garner
Chief Financial Officer

Key Messages

- 1 Expanding GMV through multiple growth channels** with new and existing partners, employer access, affiliates and scaled DTC channels
- 2 Enhancing portfolio quality and managing risk** through AI-enabled decisioning that protects margins and supports disciplined growth
- 3 Unlocking ecosystem synergies** through shared decisioning, customer overlap, and cross-product engagement to improve unit economics and increase customer lifetime value
- 4 Driving margin expansion** via cost efficiencies from modernization, automation, and scale leverage across servicing, product, and technology
- 5** Converting earnings into strong FCF, enabling **reinvestment in growth**, accelerated **deleveraging**, and **value-accretive capital allocation**

Building Confidence through Clear Financial Actions

FCF²

REVENUE (\$M) vs. ADJ. EBITDA MARGIN¹ (%)

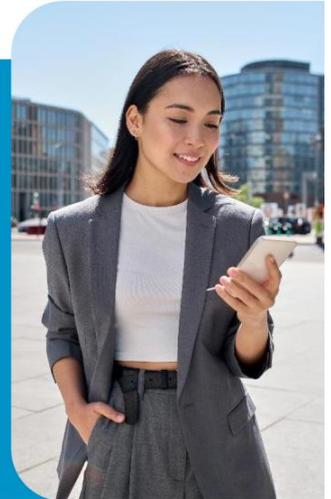

ADJ. EPS¹

KEY FACTORS

- Headwinds in consumer durable goods demand
- Retail partner disruptions
- Elevated consumer credit stress
- Investment in tech modernization
- Strong execution, expanding market share across existing leasing partners, and Four's accelerated growth starting in 2024 helped mitigate macro headwinds

While Certain Macro and External Dynamics Created Short-term Headwinds, PROG is Now Positioned for Structurally Stronger, More Diversified Growth Going Forward

¹ See Appendix for GAAP to Non-GAAP reconciliation table. ² Excludes Vive. Consolidated FCF represents cash from operations, net of capital expenditures and net investments in Four and MoneyApp loan receivables.

Long-term Growth Algorithm – Clear Path Forward to Execute with Discipline

Revenue and Margin Expansion

Drive scale, cost discipline, and pricing optimization across ecosystem of products

Strong Free Cash Flow

Build off established track record of strong FCF generation with minimal capital requirements

Continue to generate more cash consistently

Disciplined Capital Deployment

Invest in high ROI growth initiatives

Pay down debt

Return value to shareholders through opportunistic share repurchases

Shareholder Value Creation

Compound value over time consistently, efficiently, and profitably

Delivering Revenue Growth through Strategic Execution

Multi-channel GMV Expansion
Reduces Dependence on the LTO Cycle

Ecosystem Cross-sell
Increasing Revenue per Customer

Technology Modernization
Unlocks Higher Conversion

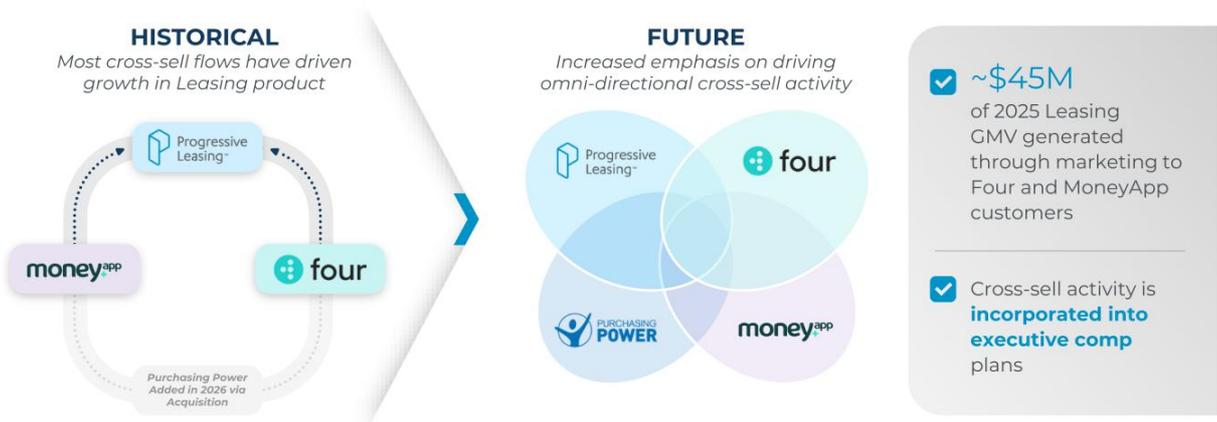

Purchasing Power
Adds a New Payment Solution and Distribution Channel

Partner Pipeline and New Vertical Access
Expand Total GMV Potential

Revenue Growth Going Forward is Not Tied to a Single Product or Cycle — it is Driven by a Diversified Ecosystem, Smarter Decisioning, and a Broader Distribution Footprint

Evolving from a Leasing-centric Platform to a Multi-product Ecosystem

Building a Broader Ecosystem to Drive Diversified Growth

Remaining Disciplined on Risk Management

Proactively Managing Portfolio Risk through Consumer Headwinds

- ✓ **Tightened decisioning posture** to navigate consumer headwinds, prioritizing portfolio quality over GMV growth
- ✓ Expect Leasing's provision for lease merchandise write offs to remain in **annual target range of 6% – 8%**
- ✓ **Carrying strengthened risk practices into Four and Purchasing Power** to ensure unified risk management across portfolio

**Controlled,
Transparent,
and Consistent
Ability to
Manage Risk**

Affirming Our Commitment to Deliver Consistent and Profitable Portfolio Performance

Driving Structural Cost Savings to Enable Growth and Margin Expansion

Driving Disciplined Expense Management

Maintaining strong expense discipline by aligning SG&A growth with revenue growth

Sustaining a cost-conscious culture through needs-based hiring practices

Investing Strategically to Enhance Efficiency

Prioritizing high-impact investments that improve operational efficiency, including the new leasing platform

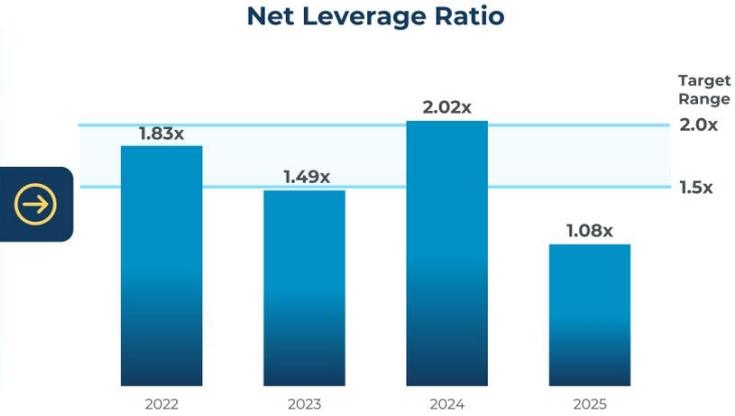

Executing a targeted initiative to reduce costs through AI-driven productivity and automation

Well Positioned to Deliver Our Long-term Margin Target through Disciplined Cost Management

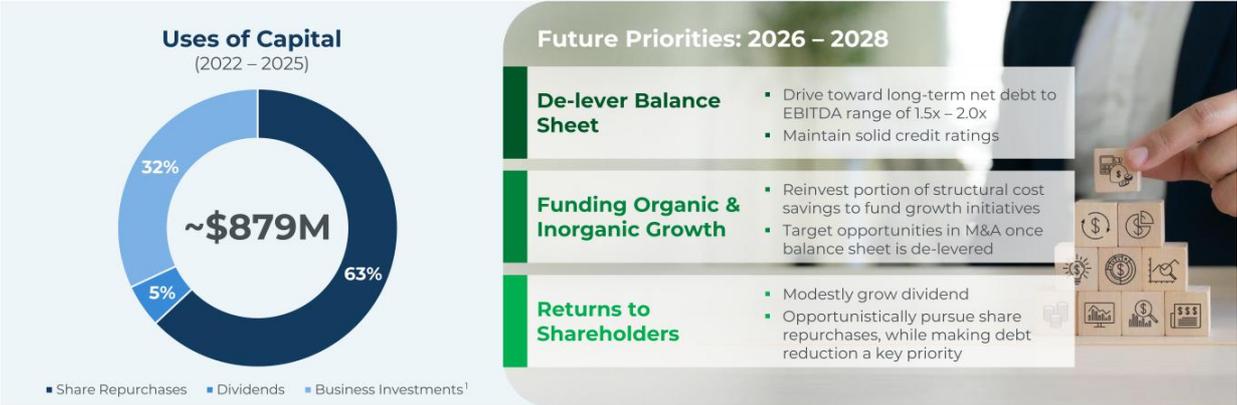

High-quality Balance Sheet and Effective Liquidity Management

PROG
Holdings, Inc.

Closing Remarks: Invest with Us

Steve Michaels
President & Chief Executive Officer

Investment Thesis: Positioning for Growth and Value Creation

Structural cost savings enabled by technology modernization and AI

- AI-enabled customer servicing materially reduces cost to serve
- Flexible lease engine streamlines operations while improving retailer and consumer experience

Compounding growth through multi-product ecosystem

- One customer, multiple products, and higher lifetime value
- Lower customer acquisition cost driven by cross sell
- Broadening B2B client and retail partner base

Data-driven marketing capabilities accelerated by proprietary data set

- Years of behavioral, transaction and payment data from millions of consumers
- Unified decisioning engine that improves accuracy and CX

Deep competitive moat driven by breadth of distribution channels

- Exclusive, multi-year enterprise retail contracts (~70% of Leasing GMV)
- ~7M eligible employees in employer network
- Fast growing DTC marketplaces and app-driven customer engagement

Appendix

GAAP to Non-GAAP Reconciliation Tables

Use of Non-GAAP Financial Measures

Non-GAAP net earnings from continuing operations, non-GAAP diluted earnings from continuing operations per share, and adjusted EBITDA are supplemental measures of our performance that are not calculated in accordance with generally accepted accounting principles in the United States ("GAAP"). Non-GAAP diluted earnings per share from continuing operations for the full year 2026 outlook excludes intangible amortization expense, restructuring expenses, transaction-related costs, and also excludes Vive as its normal operations have been discontinued as a result of the sale of its credit card portfolio in October 2025. Non-GAAP net earnings from continuing operations and non-GAAP diluted earnings per share from continuing operations for the three and twelve months ended December 31, 2025, exclude intangible amortization expense, transaction-related costs, restructuring costs, write-off of assets due to a retail partner bankruptcy, and costs related to the cybersecurity incident, net of insurance recoveries. Non-GAAP net earnings from continuing operations and non-GAAP diluted earnings from continuing operations per share for the three and twelve months ended December 31, 2022 exclude intangible amortization expense, restructuring expenses, impairment of goodwill and accrued interest on an uncertain tax position related to Progressive Leasing's \$175 million settlement with the FTC in 2020. The amount for the after-tax non-GAAP adjustment, which is tax effected using our statutory tax rate, can be found in the reconciliation of net earnings and diluted earnings per share to non-GAAP net earnings and diluted earnings per share table in this presentation.

The Adjusted EBITDA figures presented in this presentation are calculated as the Company's earnings from continuing operations before interest expense, net, depreciation on property and equipment, amortization of intangible assets and income taxes. Adjusted EBITDA for the full year 2026 outlook also excludes stock-based compensation expense, transaction-related costs for the acquisition of Purchasing Power, restructuring charges, and the operations of Vive. Adjusted EBITDA for the full year 2026 includes estimated interest expense on Purchasing Power's asset-backed secured borrowings. Adjusted EBITDA for the three and twelve months ended December 31, 2025 also excludes stock-based compensation expense, costs related to the cybersecurity incident, net of insurance recoveries, restructuring costs, write-off of assets due to a retail partner bankruptcy, and transaction-related costs for the acquisition of Purchasing Power. Adjusted EBITDA for the three and twelve months ended December 31, 2022 also excludes stock-based compensation expense, restructuring expenses and impairment of goodwill. The amounts for these pre-tax non-GAAP adjustments can be found in the segment EBITDA tables in this presentation.

Management believes that non-GAAP net earnings, non-GAAP diluted earnings per share, and adjusted EBITDA provide relevant and useful information, and are widely used by analysts, investors and competitors in our industry as well as by our management in assessing both consolidated and business unit performance.

Non-GAAP net earnings from continuing operations, non-GAAP diluted earnings from continuing operations, and adjusted EBITDA provide management and investors with an understanding of the results from the primary operations of our business by excluding the effects of certain items that generally arose from larger, one-time transactions that are not reflective of the ordinary earnings activity of our operations or transactions that have variability and volatility of the amount. We believe the exclusion of stock-based compensation expense provides for a better comparison of our operating results with our peer companies as the calculations of stock-based compensation vary from period to period and company to company due to different valuation methodologies, subjective assumptions and the variety of award types. We believe interest expense on Purchasing Power's asset-backed secured borrowings represents a direct operating cost required to generate revenue; therefore, the Company is including this interest expense when calculating consolidated and Purchasing Power's adjusted EBITDA beginning in 2026. This measure may be useful to an investor in evaluating the underlying operating performance of our business.

Adjusted EBITDA also provides management and investors with an understanding of one aspect of earnings before the impact of investing and financing charges and income taxes. These measures may be useful to an investor in evaluating our operating performance because the measures:

- Are widely used by investors to measure a company's operating performance without regard to items excluded from the calculation of such measure, which can vary substantially from company to company depending upon accounting methods, book value of assets, capital structure and the method by which assets were acquired, among other factors.
- Are used by rating agencies, lenders and other parties to evaluate our creditworthiness.
- Are used by our management for various purposes, including as a measure of performance of our operating entities and as a basis for strategic planning and forecasting.

Non-GAAP financial measures, however, should not be used as a substitute for, or considered superior to, measures of financial performance prepared in accordance with GAAP, such as the Company's GAAP basis net earnings and diluted earnings per share and the GAAP revenues and earnings before income taxes of the Company's segments, which are also included in the presentation. Further, we caution investors that amounts presented in accordance with our definitions of non-GAAP net earnings, non-GAAP diluted earnings per share, and adjusted EBITDA may not be comparable to similar measures disclosed by other companies, because not all companies and analysts calculate these measures in the same manner.

GAAP to Non-GAAP Reconciliation Table

PROG
Holdings, Inc.

Appendix

Speaker Bios

Steve Michaels

President & Chief Executive Officer

Steve Michaels was named Chief Executive Officer of PROG Holdings, Inc. in December 2020, and President of the Company in April 2021. Mr. Michaels, who is also a member of PROG Holdings' Board of Directors, previously served as CEO of the Company's Progressive Leasing segment, and as Chief Financial Officer and President of Strategic Operations, Vice President of Strategic Planning & Business Development, and Vice President of Finance at Aaron's Inc. Mr. Michaels received a Bachelor of Science degree in Finance from the University of Florida and an MBA from Georgia State University.

Brian Garner

Chief Financial Officer

Brian Garner has been Chief Financial Officer of PROG Holdings since December 2020. Previously, Mr. Garner served as Senior Vice President of Finance and Accounting, Vice President of Finance and Accounting, and Controller of the Company's Progressive Leasing segment. Prior to joining Progressive Leasing, he was employed by Ernst & Young as a member of the firm's Assurance and Advisory practice, where he provided technical guidance and advised on SEC filings, initial public offerings, and M&A transactions for public and private corporations in Silicon Valley. Mr. Garner has a Master of Science degree in Accounting and Finance from Brigham Young University.

Nate Roe

Chief Commercial Officer, Progressive Leasing

Nate Roe was named Chief Commercial Officer of Progressive Leasing in 2024, following a decade as the Company's Senior Vice President of Sales, where he managed Progressive Leasing's largest retailer partnerships while overseeing new business development. He joined Progressive in 2006 and has held several key leadership positions at the Company throughout that time, including Vice President of Business Development, Vice President of Sales and Marketing, and Vice President of Sales and Operations. Mr. Roe graduated from the University of Utah with a Bachelor of Science in Business and Finance.

Lee Wright

President, Purchasing Power

Lee Wright, the President of Purchasing Power, is a seasoned executive with deep experience leading billion-dollar retail, financial services and consumer-focused businesses. He most recently served as Chief Executive Officer of The Vitamin Shoppe, the leading omnichannel health and wellness specialty retailer in the United States. His background also includes senior leadership roles across publicly traded and private equity-backed companies, including roles as Chief Operating Officer and Chief Financial Officer at Conn's Inc. and Chief Executive Officer at Professional Directional Enterprises. Prior to his corporate roles, Mr. Wright held various investment positions for sixteen years within several private equity firms, including as Senior Managing Director at Diamond Castle and as a Director at DLJ Merchant Banking Partners. Mr. Wright holds a Bachelor of Science, magna cum laude and Phi Beta Kappa, from Washington & Lee University.

John Trainor

President, Four Technologies

John Trainor is the President of Four Technologies, our Buy Now, Pay Later business. He has more than 25 years of experience as a business and technology leader, with significant expertise in consumer financial services and payment options, retail, connected devices, digital marketing, and other consumer-facing digital experiences. Prior to joining PROG Holdings, John served as the Chief Technology Officer of Wahoo Fitness and, before that, as Chief Information Officer of Aaron's, Inc. In both of those roles, he led teams responsible for designing and implementing consumer-facing technology platforms that enhanced the consumer experience and drove significant incremental revenue. John received a Bachelors of Electrical Engineering degree from the Georgia Institute of Technology. He previously served as the Chair of the Board of Directors for the Technology Association of Georgia and was recognized as the Chief Information Officer of the Year by Georgia CIO Leadership Association.

Sridhar Nallani

Chief Technology Officer

As PROG Holdings' Chief Technology Officer, Sridhar Nallani is responsible for the development, integration, and innovation of all customer-, partner-, and employee-facing technologies for the Company and its subsidiaries. He was named to his current role in 2023, joining PROG Holdings from leading outdoor retailer Backcountry, where he served as Executive Vice President and Chief Technology Officer. Throughout Mr. Nallani's career he has focused on direct-to-consumer transactions in financial services and retail during time in senior leadership roles at Gap Inc., Charlotte Russe, Macy's, and a number of other companies. Mr. Nallani was named to the 2019 National Diversity Council list of the United States' top 50 CIOs and CTOs and serves as a technology and digital strategy advisor to the Board of Directors of private equity firm TSG Consumer Partners. He received his Bachelor's in Computer Science from Osmania University, Telangana, India, and his Master's in Computer Science from Louisiana State University, Baton Rouge, United States.
